

Further Particulars

RESEARCH FELLOW

OFFICE OF THE DEAN

Be part of a Great West Indian Tradition

The University of the West Indies (UWI) is well-established independent University that serves mainly the English-speaking territories of the West Indies. These countries listed hereunder all contribute to the UWI:

Anguilla, Antigua & Barbuda, Bermuda, The Cayman Islands, The Commonwealth of the Bahamas, Barbados, Belize. The British Virgin Islands, The Commonwealth of Dominica, Grenada, Jamaica, Montserrat, St. Christopher & Nevis, St. Lucia, St. Vincent & the Grenadines, The Republic of Trinidad & Tobago, Turks and Caicos.

Our annual output of graduates, Caribbean-focussed research and policy advice provided to governments and the private sector, continue to have a profound influence on the English-speaking Caribbean, contributing to the region's stability and its relative wellbeing.

OUR HISTORY

The UWI is the oldest, fully regional institution of higher learning in the Commonwealth Caribbean.

The UWI began at the Mona Campus, Jamaica, in 1948 as a College of the University of London; and in 1962 achieved full university status. The St. Augustine Campus in Trinidad and Tobago was established in 1961 and in 1963 a third Campus was established at Cave Hill in Barbados. In 2008 The University established a fourth Campus – The Open Campus – to better manage and expand multi-mode delivery of its programmes.

OUR FACULTIES

The seven Faculties of The UWI offer a wide range of Undergraduate, Master's and Doctoral programmes in Food & Agriculture, Humanities & Education, Engineering, Law, Medical & Veterinary Sciences, Science & Technology; and Social Sciences. Several of these programmes are delivered through the distance mode.

Visit us online at www.uwi.edu to find out more about The UWI or www.sta.uwi.edu for more on the St. Augustine Campus and the region we serve!

THE ST. AUGUSTINE CAMPUS, FACULTY OF MEDICAL SCIENCES

The Faculty of Medical Sciences was founded in 1948 at Mona, Jamaica as a College of the University of London.

In 1989, teaching began at the Faculty of Medical Sciences, St. Augustine for medical, dental, veterinary and pharmacy students. In 2005, the first cohort of nursing students was accepted and in 2012, the BSc Optometry was added to the Faculty of Medical Sciences' programmes.

The Faculty is located mainly on the Eric Williams Medical Sciences Complex, Mt. Hope, which is situated approximately eight (8) miles from Port of Spain and (2) miles from the main Campus at St. Augustine. Other clinical teaching sites include San Fernando and Port of Spain General Hospitals, Sangre Grande Hospital, Mt. Hope Maternity Hospital and Community Centres across the country.

DUTIES OF APPOINTEE

The position involves assisting junior researchers in the Faculty of Medical Sciences in the design and conduct of research as well as data analysis and report preparation, under the supervision of the Professor of Biostatistics and Research.

The appointee will be expected to conduct research methodology and data analysis workshops while promoting and actively facilitating the strengthening of the research system of the Faculty of Medical Sciences. The appointee will also be effectively engaged in grant writing; the analysis of data; the preparation of research reports and manuscripts for publication; and will work collaboratively with other researchers within and outside the FMS.

QUALIFICATIONS

The successful candidate must possess a PhD in Biostatistics, Health Sciences or Social Sciences. An MSc in Epidemiology or Biostatistics would be an asset as would having an MBBS, DVM or DDS degree.

EXPERIENCE

At least five years' experience in conducting research and/or experience in advising on matters related to the conduct of research and/or in the management of large data sets. Expertise in quantitative and/or qualitative research methods with experience in teaching and/or the conduct of research training for health professionals is required.

SPECIFIC COMPETENCIES

Must have a propensity for Research with experience in teaching and/or the conduct of research training for professionals. Additionally, the successful appointee must be an expert in quantitative and/or qualitative research methods. The successful candidate must also be proficient in the use of relevant statistical and database software such as SPSS and must also have experience in grant writing.

GENERAL QUALITIES

Long term commitment to UWI and the ability to engage in team work with colleagues in research are necessary. The appointee must possess high personal standards of integrity with commitment to operate outside regular working hours.
