

## Fees Payable by Full-time and Part-time Students Registering in the 2011/2012 Academic Year

### Definition of a student

A person is considered to be a UWI Student only after the completion of registration and payment of **all** fees for the semester.

### Accounts Receivable Hold (AR Hold)

An AR Hold is placed on the accounts of students who have not paid fees and/or submitted a copy of their T&T electronic birth certificate/sponsorship letter. This HOLD prevents registration, access to grades and transcripts and can only be removed by the Student Accounts, Bursary Representative(s).

### Explanatory Notes

Tuition fees for nationals of contributing countries sponsored by their governments have been calculated at 10% of the 2011/2012 economic cost. Contributing governments pay the remaining 90% of the economic cost on behalf of each sponsored student. Fees for students from contributing countries, not sponsored by their governments, who are admitted under the quota, have been calculated at 33.3% of the economic cost.
