BACHELOR OF EDUCATION

STRUCTURE OF PROGRAMME

About the B. Ed. Degree Programme

The Bachelor of Education degree programmes (Primary General) and (ECCE) are professional degrees designed for primary school and preschool teachers. Their aim is to provide for the holistic development of reflexive professionals who are sensitive to the need to combine care and advocacy with school and classroom management skills, effective leadership, and information and communication technology in creating appropriate learning opportunities for students.

The main purpose of the B.Ed. Primary (General) degree blended programme is to positively impact teaching and learning in primary schools by strengthening practitioners' knowledge and teaching competency in the range of primary school subjects. Courses will be offered through a mix of face-to-face and online modes (Blended). Further, the programme offers flexible modes of entry, particularly for a previously untapped population – the untrained teacher. It replaces the B.Ed. in Primary Education with *specialized* options in Mathematics, Science, Social Studies, Language Arts and Educational Administration, which was previously offered by the School of Education, St. Augustine Campus.

The B.Ed. ECCE programme prepares teachers to teach young children in early childhood settings. This programme facilitates multiple entry pathways for teachers with varying levels of initial certification. It also accommodates new applicants.

Bachelor of Education Primary (General)

PROGRAMME SUMMARY

The School of Education has designed a “new” B.Ed. programme. The B.Ed. degree is a professional degree which is normally intended for practitioners in the field of education. Its main thrust is towards the holistic development of reflexive professionals who are sensitive to the need to combine caring and advocacy with school and classroom management skills, effective leadership, and information and communication technology in creating appropriate learning opportunities for their students.

This B.Ed. Primary (General) programme is designed as a general programme (and not a specialist one) to meet the recent Ministry of Education requirement that **ALL** new primary school teachers must have a B.Ed. degree. Spanish was recently added to the primary school curriculum by the Ministry of Education and the re-organized B.Ed. degree makes provision for teacher preparation in this subject as well.

Courses will be offered through a mix of face-to-face and online modes (Blended). Further, the programme offers flexible modes of entry, particularly for a previously untapped population – the untrained teacher.

For candidates who are not in a primary school, they must submit a letter from a School Principal indicating support for the duration of the programme.

The criteria for admission allow for the following levels of entry:

1. Practising teachers who hold a Teachers’ College Diploma who:
 - Will receive exemption from all but 3 Level 1 courses
 - Will be required to secure a total of 72 credits
 - Can complete the programme in two years, including the third trimester in each year
 - Pass in a CSEC Science subject is now an asset
2. Untrained teachers in the primary school who hold 5 CSEC and 2 CAPE (or A Levels) passes and who will pursue a full 3-year degree consisting of 93 credits.
3. Candidates who do not possess full University matriculation requirements who will be interviewed and considered on a case by case basis, taking into account (i) seniority, (ii) portfolio of work and professional courses taken, and (iii) their estimation of themselves as teachers committed to the good of children

Goals of the programmes

To promote the initial and ongoing professional development of teachers in primary schools.

➤ Teaching

The goal is to prepare a teaching professional who has:

- an understanding of education as being located within the wider social context
- knowledge and understanding of a variety of theories, models, strategies, and approaches to teaching and assessment appropriate for young children and early adolescents
- the flexibility to transform a syllabus into an effective and relevant curriculum
- a commitment to deliver inclusive and holistic education to his or her charges
- a willingness to respond as change agents in the school/preschool setting and community and,
- the desire to constantly reflect ‘in practice’ as well as ‘on practice’

The B. Ed. Primary (General) will be delivered using a variety of teaching modalities, such as podcasts, blogs, and wikis, as well as face-to-face lectures, tutor led-seminars and tutorials, student-led seminars and tutorials, practical teaching sessions in primary schools, and workshops.

Do remember, whichever teaching format is used, being an independent learner is key to your success!

➤ Learning

The goals for learning are that students will be encouraged to:

- use their developing knowledge to make professional decisions about their own teaching
- collaborate with others to promote collegial relationships for change in the primary school
- respond effectively and be creative in addressing challenges in schools
- commit themselves to continuous professional development throughout their teaching careers

➤ **Assessments**

- Courses are assessed in a combination of ways, with methods varying according to the nature of the subject being taught.
-
- Methods of assessing courses include: coursework, project work, tutorial and/or seminar presentations and written, practical and oral examinations.
-
- The assessment formats include:
 - Extended essays, in-class tests and, projects such as - a school field study, design of lessons, map interpretation, the production of educational materials using various technologies, e-portfolios, evaluation reports, and performance assessment of practical teaching.
-
- The assessment plan will be communicated to students as part of the course information.
-
- **Students have a responsibility to ensure that they participate fully in learning situations and submit assignments and projects by the deadlines.**

Objectives of the programmes –

At the end of the programme, teachers will be able to -

- Plan and implement instructional activities in all the curriculum areas offered by the primary school or at the ECCE Level
- Adapt their curriculum to meet the diverse needs of their students
- Use students' pre-knowledge to construct effective learning experiences
- Use appropriate technologies to support teaching and learning
- Employ a variety of forms of assessment that support the holistic development of the child
- Demonstrate the necessary attitudes, skills and knowledge to support their professional practice
- Critically interrogate dominant educational policies and practices
- Attach value to collegial relationships in promoting teaching at the level of the class, the department and the school
- Reflect on their own teaching philosophy and practice and on ways in which these might be refined

Candidates may pursue **EITHER** the B.Ed. Primary (General) **OR** the B.Ed. in Early Childhood Care and Education (ECCE).

FAQs

What is BANNER?

BANNER is an electronic database.

What are CRNs?

CRN are groups of numbers that allows the electronic system to recognize each course and the Faculty responsible for the course. It also identifies the number of students allowed to register for each course and what prerequisites they must possess to do so.

Why do I have to view my electronic transcript every month?

By viewing your electronic transcript every month <http://mysta.UWI.edu/> it assists you in keeping track of your registration status, thereby assisting you in avoiding any unexpected registration problems at the end of the semester that may debar you from viewing your grades.

What is 'de-registration' and how is that done?

'De-registration' is the act of de-registering oneself from a course you have already registered for. This must be done during the 'drop and add' period and must be done online. There are guidelines available at every step that would assist you to 'de-register'.

If I fail a course, what is my next step?

If you fail a course you must register for it again at the next offering of that course and timetable issues can be sorted out with the respective B. Ed. Level coordinator. **A student should request consultation for all failed attempts** to ensure that they understand the reason for failure in an effort to avoid the same outcome.

What are GPA points, 'WARNINGS' and 'REQUIRED TO WITHDRAW' notices?

GPA points are the points earned from marks gained (see grid below). 'Warnings' are notices generated automatically from the electronic database BANNER for students who fail to maintain a GPA average of .75 for the semester. At this point the affected student must meet with the Dean of the Faculty for further advice. If the problem persists for a second semester, a 'Required to Withdraw' (RTW) notice is generated. Students on 'RTW' can **re-apply** to their choice of programmes after one academic year.

How does the deadline for entry of marks affect me, the student?

BANNER has very strict deadline dates for lecturers to enter marks. Failure of students to honour the assignment due dates may result in the assignment mark not being entered on the electronic system BANNER before it closes.

RESOURCES

The School of Education has its own specialist library to support teaching and research. There is a computer laboratory and unlimited Internet access.

ATTENDANCE

Successful completion of the programme is premised on regular and punctual attendance at all scheduled sessions.

For all students registered in our **B.Ed. ECCE programme**, please note that registers of student attendance are kept. These students should note that the University requires regular attendance (a minimum of 75%) as condition for the award of the Bachelor in Education degree.

For students registered in the **B.Ed. Primary (General) programme**, please note that attendance in online classes is determined by the date students access (log into) their online course site. Students should be aware that their eLearning activity can be observed by instructors and administration. Activity tracking includes (but is not limited to) coursework, learner profile, chat, and course mail.

ASSESSMENTS

Assessment will take place throughout the programme: -

Student performance will be assessed by a variety of means, which may include group or individual tasks, oral or visual presentations, journals, media products, written assignments and examinations.

If you have failed an assignment, you may be allowed to re-submit a re-worked version of it, **ONCE per course** offered by the SOE if the failed mark is 45-49 based upon the Lecturers availability to remark this resubmission within the academic period for which the course is offered.

You **MUST** adhere to the resubmission date set. If you fail to do this, you would be considered as having failed the course and you **MUST** re-register for the course when it is next offered.

REGULATIONS

Application for Leave

Leave of Absence:

A candidate who is obliged to apply for leave of absence is normally required to make the application not later than the third week of the Semester online giving reasons for the request to be considered by the Board of Undergraduate Studies for the Faculty. Students are asked to note that requests for retroactive leave would not be granted.

Voluntary Withdrawal:

Students who no longer desire to pursue the B.Ed. programme must inform **The Assistant Registrar, Recruitment and Enrollment, Student Affairs (Admissions)** so that their transcript can be updated accordingly.

PLEASE NOTE:

- A. All students are reminded that assignments **must** be submitted by the dates indicated by the B. Ed. office. These must be strictly adhered to. Submitted assignments constitute your examination. You must hand in your assignment to the relevant secretary and you must ensure that you obtain a receipt as proof that the assignment was handed in.

In the case of illness, the University regulation quoted below will apply:

Regulation 33 (ii):

*.... The candidate shall send the medical certificate within **seven days** from the date of that part of the examination in which the performance of the candidate is affected. A certificate received after this period will be considered only in exceptional circumstances.*

- B. **A register is kept for all sessions.** It is the student's responsibility to sign the register for every session attended.

- C. Pay special attention to the note on Plagiarism in both the Faculty Handbook (found online) <https://sta.uwi.edu/resources/documents/facultybooklets/2023/UG-FHE-2023-2024.pdf> and this programme Handbook.
- D. No eating or drinking is allowed in the classrooms or in the auditorium.
- E. The School of Education requires that all its students ***MUST*** have their student's ID displayed at all times for their personal safety. This allows the Security officers on the compound to easily identify strangers on the compound.

PENALTY

Any required written submission with unsatisfactory features of presentation (e.g. with respect to its title page, abstract or preface, acknowledgements, table of contents, figures and illustrations, reference, bibliography, appendices and language) shall be returned to the candidate for correction regardless of the agreed grade recommended for it, and will not be finally accepted until those features are satisfactorily amended.

SUBMISSION OF ASSIGNMENTS FOR ALL B.ED. PROGRAMMES

Students required to pay special attention to the following and to also ensure that a hard copy of all submitted assignments is kept for their personal files. The majority of the courses for your degree are based on coursework assignments, so be aware of all of your assignment submission days, dates and times.

An official cover page is to be used for **all** B.Ed assignments and it is emailed to all students during Semester 1.

IMPORTANT

For ALL B. Ed. Primary (General)/ ECCE Students: All assignments are to be submitted online via the assignment link on MyeLearning or via email if advised by lecturer/tutor in exceptional circumstances. Please be well acquainted with deadline days, dates and times as these follow a very strict time-frame and once the deadline date and time have passed you will be unable to upload your assignments to myElearning.

Academic Integrity

Students have the responsibility to know and observe the Regulations of The University of the West Indies and the Faculty. Additionally, the regulations prohibit plagiarism, falsification of information and academic dishonesty. All regulations are in force during the Summer School Session.

ALL STUDENTS ARE REQUIRED TO COMPLETE A SIGNED UNDERGRADUATE COURSEWORK ACCOUNTABILITY STATEMENT WHICH SHOULD BE ATTACHED TO THEIR COMPLETED ASSIGNMENT.

The original form can be located at the following link:

https://sta.uwi.edu/fss/economics/documents/UGCWaccountabilitystatement_IR_.pdf

The format for all written assignments on the B.Ed. programme must adhere to the APA style. A copy of the APA style format is located in the School of Education Library.

All written assignments for formal assessment must be typed:

- On plain quarto (8½” x 11”) one side only;
- With double-spacing, except for (a) long passages of quotation (which should be set in from the left margin) and (b) entries in the Bibliography which require more than one line (but double-spacing must be used between separate entries);
- With a right margin of one inch, and the top, bottom and left margins 1½ inches.

Referencing

References must be given for everything, which you take from another author because:

- Not to do so is **PLAGIARISM**, literary and intellectual theft and cheating, passing off as your work what is really that of someone else;
- Those assessing your work need to know what exactly is your own work and what you have taken from elsewhere and so to be able to check that you have quoted or used it correctly;

- Other readers (e.g. future B. Ed. participants) also need to know what is your work and what is not, so that they can quote the correct source and follow up your references.

When do you quote or mention other works?

- Every time you use the ideas or words of another writer, you must indicate the source so as to avoid plagiarism;
- If you use the actual words, put them in single quotation marks and give the reference;
- If you put a writer's ideas into your own words, you must still give the reference to the source;
- Quoting the actual words is *necessary* when: you wish to show that the writer actually said that particular thing; you intend to examine in detail what was said or it is a definition of a key term;
- Otherwise you should try to put another's ideas into your words so as to show that you understand what was said;
- Except as stated in (iv) avoid long quotations.
- DO NOT MERELY QUOTE**, for that occupies space without anything being said by **YOU**. Use what you quote, as in (iv), or to support your argument;

e.g.: Do not merely quote several definitions, but critique them and conclude with the one which you accept and are going to use, or give that one only.

MAKE SURE THAT THE READER WILL KNOW THAT YOU AGREE OR DISAGREE WITH WHAT YOU QUOTED.

- Beware of quoting an author as saying something with which he does not in fact agree. Writers often set out a certain position in some detail before going on to critique, modify or reject it. Therefore, read before and after the particular passage to make sure that it does express the writer's own position.
