ADMISSION OF STUDENTS TO
UNDERGRADUATE PROGRAMMES 2020/2021

APPLY NOW
Applications are invited for admission in August 2020 to undergraduate degree/certificate/diploma programmes on the three campuses of The University of the West Indies. Applications are open to all persons who are recognized as having satisfied the matriculation requirements for entry to The University of the West Indies as well as all applicable faculty requirements.

All applicants are encouraged to apply as early as possible. Your application and all official supporting documents must be submitted to the Admissions Office by the posted deadlines. Applications received or completed after the posted deadlines may not be processed for admission into the requested academic year due to space or time limitations and instead, your application would be processed for the next application cycle.

It is the applicant’s responsibility to submit all required documentation.

NOTE: Candidates who will be sitting examinations in November 2019 and in the period January to June 2020 to qualify for admission may also submit applications.

The offer of a place will be considered only where the applicant has satisfied both University matriculation and faculty requirements. Due to the limited number of places available in each faculty, only applicants with the highest levels of qualification are likely to receive offers. Possession of minimum entry requirements does not guarantee a place. A holistic approach to the review of applications requires an extraordinary amount of care, and thus a significant amount of time. There is no way to predict an exact date on which a candidate will receive a decision.

The Admissions Notification Process
Applications are sent to the respective Faculty Entrance Committee on admissions for consideration in the order in which they are completed, but decisions are not necessarily made in the order in which applications are first reviewed. Some applicants may receive a decision fairly quickly based on the overall and relative strength of the application.

Prohibition on Submission of Fraudulent Admission Documents
The submission of documents in support of applications or the applications themselves, for admission and/or registration that are forged, fraudulent, altered from the original, obtained under false pretences, or otherwise deceptive is prohibited.

The University reserves the right to reject an application for admission, withdraw an offer and/or prohibit registration if the offer for admission is found to be based in whole or in part on deception or fraud.
