

PEERSS TT NEWS

ISSUE 1

GREETINGS PEERSS!

We were extremely elated to link the names to faces at our Virtual PEERSS Project Engagement Meeting held on May 4th, 2021.

[PEERSS](#) brings together partners from 13 countries to learn from and support each other in promoting the use of research evidence in policymaking and is funded by IDRC. The partners draw on a range of approaches and tools – including, systematic reviews, rapid syntheses of evidence, stakeholder dialogues, and citizen panels – to provide decision-makers with the evidence they need to address key priorities.

CCHSRD is pleased to collaborate with four social sector Ministries in T&T to build the capacity of these Ministries, especially those working in the Sustainable Development Goals (SDG) space, to develop evidence-informed policies and to include stakeholders and citizens in decision-making.

UPCOMING ACTIVITIES

On 17th June 2021, PEERSS will be hosting its first [webinar](#): **Rapid response evidence during a pandemic: achievements, challenges, and disappointments.**
