

PHASE 2 – Connecting to eduroam WiFi

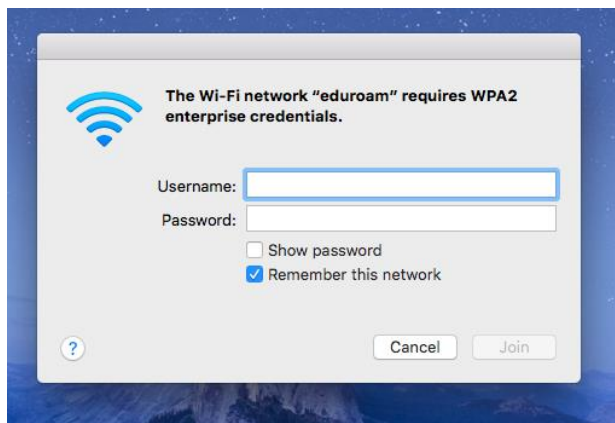

eduroam on OSX

eduroam requires MAC OS X Version 10.5.3 or later

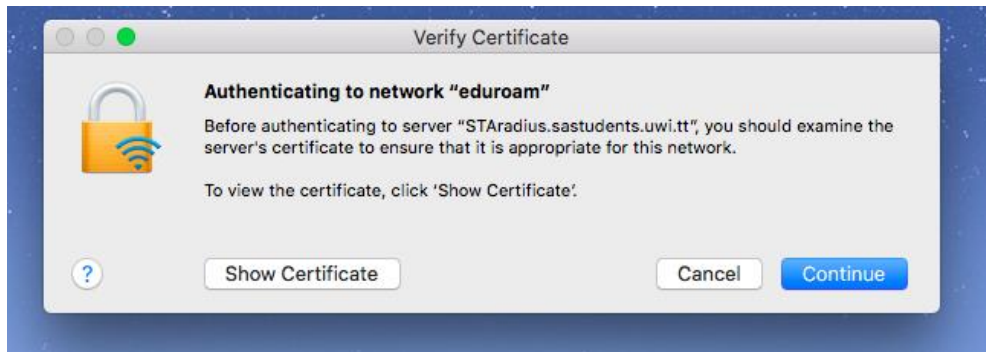

Step 1 - Connect to eduroam wireless network on your MacOS

Step 2 – Input your UWlinc credentials

Step 3 - Click on "Continue"

Step 4 – Update Settings. If prompted, use your computer account credentials (the same credentials used to log on to your device)
