

Department of Computing and Information Technology
Registration for the 2018/2019 Academic Year
Transition Plan for Students Registered Prior to 2016/2017
Information Technology Programmes

Applicability

This transition plan applies to students who registered in one of our Information Technology degree programmes **prior** to the 2016/2017 academic year. Students who registered in the 2016/2017 academic year or afterwards should follow the course requirements of their respective degree programmes.

Level 1 Courses

All the old Level 1 courses have been phased out. If you still require one of the old Level 1 courses listed on the left-hand side of Table 1, you should register for the equivalent new Level 1 course listed on the right-hand side, in the semester it is offered.

Old Level 1 Course		Equivalent New Level 1 Course		
Course Code	Course Title	Course Code	Course Title	Semester
INFO 1500	Introduction to Information Technology Concepts	INFO 1600	Introduction to Information Technology Concepts	1
INFO 1501	Introduction to WWW Programming	INFO 1601	Introduction to WWW Programming	2
INFO 1502	Introduction to Problem Solving	COMP 1602	Computer Programming II	2
INFO 1503	Introduction to Mathematics for Critical Thinking	COMP 1604	Mathematics for Computing	2
INFO 1504	Introduction to Programming Fundamentals I	COMP 1601	Computer Programming I	1
INFO 1505	Introduction to Computer Systems	COMP 1600	Introduction to Computing Concepts	1
INFO 1506	Introduction to Information and Data Management	ESST 2003	Data Management for Environmental Sciences	1
INFO 1507	Introduction to Business Principles	MGMT 1001	Introduction to Management	1

Table 1: Equivalent New Level 1 Courses Corresponding to Phased Out Level 1 Courses

Level 2 Courses

All the old Level 2 4-credit courses have been phased out. If you still require one of the old Level 2 courses listed on the left-hand side of Table 2, you should register for the equivalent new 3-credit course listed on the right-hand side, in the semester it is offered.

You should note that the equivalent courses are all 3 credits so you will have to register for one or more additional courses to make up the credit requirements for your degree. The additional courses should be COMP or INFO courses (Level 2 or Level 3).

Old Level 2 4-Credit Course		Equivalent New 3-Credit Course		
Course Code	Course Title	Course Code	Course Title	Semester
INFO 2400	Information Systems Development	INFO 2600	Information Systems Development	2

INFO 2420	Programming Fundamentals II	COMP 2603	Object-Oriented Programming I	2
INFO 2425	Computer Architecture	COMP 2601	Computer Architecture	1
INFO 2500	Networking Technologies Fundamentals	INFO 2601	Networking Technologies Fundamentals	1

Table 2: Equivalent New 3-Credit Courses Corresponding to Phased Out Level 2 Courses

Level 3 Courses

The old Level 3 4-credit courses listed on the left hand side of Table 3(a) will be offered for the **last time** in the 2018/2019 academic year. If you need one of these courses to complete your degree requirements, you should register for the old Level 3 4-credit course in the semester it is offered and attend the lectures for the equivalent 3-credit course shown on the right-hand side of Table 3(a).

You should note that **none of the old Level 3 4-credit courses shown in Table 3(a) will appear on the timetable**. So, you will need to follow the timetable for the equivalent 3-credit course on the right-hand side of Table 3(a).

For example, if you need INFO 3400 to complete your degree requirements, you should register for INFO 3400 in Semester 1 of the 2018/2019 academic year but attend the lectures for INFO 2603.

Old Level 3 4-Credit Course		Equivalent New 3-Credit Course		
Course Code	Course Title	Course Code	Course Title	Semester
INFO 3400	Fundamentals of Operating Systems	INFO 2603	Platform Technologies I	1
INFO 3410	Web Systems and Technologies	INFO 2602	Web Programming and Technologies I	2
INFO 3490	Project	INFO 3604	Project	2

Table 3(a): Equivalent New 3-Credit Courses

All the other Level 3 4-credit courses have been phased out. If you still require one of the old Level 3 4-credit zcourses listed on the left-hand side of Table 3(b), you should register for the equivalent new 3-credit course listed on the right-hand side, in the semester it is offered.

You should note that the equivalent courses are all 3 credits so you will have to register for one or more additional courses to make up the credit requirements for your degree. The additional courses should be COMP or INFO courses (Level 2 or Level 3).
