

FACULTY OF SCIENCE AND TECHNOLOGY

DEPARTMENT OF PHYSICS

BSC PROGRAMMES

- **BSc Major in Physics**, offering minors in :
 - *Environmental Physics & Renewable Energy,*
 - *Electronics,*
 - *Medical Physics & Bioengineering*
 - *and Material Sciences*
- **BSc Biomedical Technology**
- **BSc Major in Electronics***
- **Entry Requirements:**
 - Candidates must satisfy the University requirements for Matriculation
 - Two (2) CAPE subjects including Physics OR Mathematics and CSEC Physics or equivalent
 - *BSc Major in Electronics: Two (2) CAPE subjects including Physics and Mathematics.

Start Date:
September 2017

The Department of Physics is committed to delivering internationally recognized teaching and research programmes.

Our aim is to produce graduates with advanced technical and scientific skills to meet the demands of expanding opportunity in the Caribbean.

ST. AUGUSTINE
CAMPUS

DEPARTMENT OF PHYSICS

MSC PROGRAMMES

- Biomedical Physics
- Renewable Energy Technology

Entry Requirements:

- BSc (Hons) degree in Engineering, Physics, or Mathematics or an equivalent.
- Other qualifying students with a first degree would be required to undergo the Preliminary Study.

Start Date:

September 2017

Trinidad & Tobago's future will depend on a new generation, able to advance the field of renewable energy and biomedical physics for a greener and safer tomorrow.

Now is the time for this country and the entire Caribbean to diversify.

Now is the time for you to get ready to foster innovative science and technology that will support our future.
