

CIBC - bringing money skills to you

Turn your math skills into smart money moves!

This year's UWI Math Fair will be more than just numbers - it will also be about money, prizes and fun!

Join us at the St. Augustine Campus on February 6, 2025, as CIBC Caribbean brings even more excitement to the mix.

There you can:

- Meet Tiffany, our AI Avatar and learn how math can help you reach your money goals
- Get hands-on with interactive games about saving, budgeting and smart spending
- Learn more about our Online Banking, award-winning Mobile App and smart financial tools created to guide your financial future
- Test your skills with fun challenges for a chance to win exciting prizes
- Chat with the CIBC team about our awesome products and services

Whether you're planning for your future, a newbie to banking or just curious about how it works, CIBC is here to help you level up on your money management skills.

Let's make your experience easy, rewarding and fun. See you at the Math Fair!
