Education Philosophy – The attention of all applicants for academic posts in the Faculty of Medical Sciences at St. Augustine is directed to the following outline of the education philosophy. It is considered essential that all persons appointed are sympathetic to this philosophy and will feel able to work effectively within this educational structure.

Throughout the course, emphasis is placed on the integration of course content and subject matter. The problem-based learning approach to medical education is adopted for teaching, self-instruction (i.e. self-motivated learning), small-group teaching and wide use of learning resources.

The education objectives of the Medical School include the following:

To produce graduates whose professional and academic standards are of a level comparable to their colleagues in the more developed countries and who will function efficiently in whatever environment they are required to work.

Tenure of Appointment

Appointment as Lecturer will normally be for three (3) years in the first instance, with eligibility for consideration for renewal.

Subsequent to the first appointment, a member of staff who has served in an equivalent position in this or some other University for a period of six (6) years will be eligible for consideration for indefinite tenure.

Appointment to this post is subject to the [Charter of the University and to its Statutes, Ordinances, Rules and Regulations](#), including Statute 36 – Retirement of Members of Staff.

Further details may be obtained from the Campus Registrar,
The University of the West Indies, St.
Augustine, Republic of
Trinidad and Tobago.

Research

Persons appointed to posts in the Faculty of Medical Sciences – St. Augustine, will be expected to actively participate in research activities pertaining to his/her field.

The University of the West Indies supports the research activities of permanent members of staff by providing study leave, special leave for scholarly purposes, and sabbatical leave, as well as offering funding for research trips, fieldwork, institutional visits, conference participation and organization, and research assistants.
