

May 25th, 2017
8am - 6pm

Programmes on offer

- BSc in Mechanical Engineering
- BSc in Mechanical Engineering with minor in BioSystems
- BSc in Industrial Engineering
- MSc Engineering Asset Management
- MSc Engineering Management
- MSc Manufacturing Engineering & Mgmt
- MSc Production Management
- MSc Production Eng & Mgmt
- MPhil and PhD Mechanical, Manufacturing, Industrial and Agricultural Engineering.

Open Day, Conference & Exhibition 2017

ENGINEERING FOR
ECONOMIC
DIVERSIFICATION II

EVENT SCHEDULE

OPENING CEREMONY 9:00 AM [Lecture Theatre 1]

Conference Presentations

Engineering Projects Presentations

Invitation to Day's Activities

PROJECTS ON DISPLAY

Industry Research Projects

CNC Machining & Automation Projects

Design and Build Projects including:

Cocoa Bean Pre-Grinder

Cocoa Seed Separator for Chocolate Making Process

Automated Load Carrying Device for Harsh Terrain

Mobility Scooter

Foldable Bicycle

Cassava Peeler

Racing Class Go-Kart

Watermelon Slicer

Automated Coconut Grater

Jointed Collapsible Crutch

Artificial Shape Memory Alloy Activated Finger

Mechanical and Manufacturing Enterprise Research Committee (MMERC)

The Mechanical and Manufacturing Enterprise Research Committee (MMERC) is interested in working more closely with our industrial partners and deepening our ties with the regional industries. Recognizing the need for greater industry-academia cooperation, we seek to leverage our resident expertise to address issues of strategic interest to the industry via collaborative projects.

We invite you to submit project proposals using the online form on our site, or contact us to
