Students will not receive reinstatement of course registration for the prevailing semester when payment is made outside of the prescribed period of clemency. This payment will be credited towards the student's account.**

Students receiving subsidies are required to pay their percentage of the tuition fee as per their contract agreement.

Explanatory Notes

Tuition fees for nationals of contributing countries sponsored by their governments have been calculated at 10% of the 2018/2019 economic cost. Contributing governments pay the remaining 90% of the economic cost on behalf of each sponsored student. Fees for students from contributing countries, not sponsored by their governments, who are admitted under the quota, have been calculated at 33.3% of the economic cost.
