UNDERGRADUATE FINANCIAL INFORMATION 2018–2019

THE UNIVERSITY OF THE WEST INDIES – ST. AUGUSTINE CAMPUS

Fees Payable by Full-time and Part-time Students Registering in the 2018/2019 Academic Year

Definition of a student

A person is considered to be a UWI student only after the completion of registration and payment of **all fees** (tuition, compulsory and hall fees) for the semester. A student who writes an examination(s) for a course(s) for which he/she was not registered and paid for will not be credited for such course(s).

Accounts Receivable Hold (AR Hold)

An AR Hold is placed on the accounts of students who have not paid fees and/or submitted a GATE application form or sponsorship letter. This HOLD prevents registration, access to grades and transcripts and can only be removed by the Student Accounts Section of the Bursary.

GATE Hold (GT Hold)

The GATE policy of the Government of the Republic of Trinidad and Tobago, states that, effective January 2015, "GATE no longer covers students whose cumulative Grade Point Average (GPA) is below 2.0 at the end of the academic year". Therefore a GT hold is placed on the accounts of these students to ensure that GATE is not applied to their accounts. Students will be required to pay their own tuition fees.

De-Registration

A New First Time student who has registered but failed to pay ALL required fees by the last working day of October for semester I, the last working day of March for semester II and last working day of June for summer session, will be de-registered from the courses and the offer withdrawn. Such students will be required to submit a new application for admission within the application period for entry at a future date.

Compulsory Leave of Absence

A Continuing/Returning student who has registered but has failed to pay ALL required fees by the last working day of October for semester I or the last working day of March for semester II and the last working day of June for summer session, will be de-registered from the courses and automatically placed on a **Compulsory Leave of Absence [CL]** for the particular semester.

Reinstatement of Course(s)

A student who course selection has been removed and who has been placed on compulsory leave of absence for non-payment of fees may apply for reinstatement of their course(s) by submitting their proof of payments of these course(s) to the Bursary- Students & Receivables Section no later than **5 working days after the last working day of October for Semester I or 5 working days after on the last working day of March for Semester II or 5 working days after the last working day of June for the Summer Session after the compulsory leave of absence has been entered on the student's record. Students will not receive reinstatement of course registration for the prevailing semester when payment is made outside of the prescribed period of clemency. This payment will be credited towards the student's account.**

Subsidies

Students receiving subsidies are required to pay their percentage of the tuition fee as per their contract agreement.

Explanatory Notes

The University of the West Indies has a credit base fee structure for undergraduate programmes which will offer students the advantage and flexibility of being able to pay in accordance with the number of credits chosen.

Students registered for 24 or more credits for the academic year are classified as full time. Those registered for less than 24 credits are classified as part time.

With the exception of students from Trinidad and Tobago, Barbados and Jamaica, students from countries contributing to the University would be allowed to pay the lower fee. These students must also provide a letter of sponsorship for economic cost from their respective governments.

Tuition fees for nationals of contributing countries sponsored by their governments have been calculated at 20% of the 2018/2019 economic cost. Contributing governments pay the remaining 80% of the economic cost on behalf of each sponsored student. Fees for students from contributing countries, not sponsored by their governments, who are admitted under the quota, have been calculated at 33.3% of the economic cost.

Government Assistance for Tuition Expenses (GATE)

(Citizens of Trinidad & Tobago only)

1. Students may apply to the Ministry of Tertiary Education and Skills Training for grants to cover their tuition fees. However, students must register with GATE to obtain a GATE ID number which would then be used to apply for GATE funding on-line at **www.e-gate.gov.tt**
2. Students are required to submit a signed copy of their GATE application form with their registration documents.
3. GATE funding is not retroactive. If a student fails to complete a GATE application form upon registration as is required, a claim will not be accepted after the semester has ended.
4. Students who have not maintained a minimum cumulative GPA of 2.0 as at the end of the academic year 2017/2018 will be unable to access continued GATE funding for Semester I of the academic year 2018/2019. However, if the cumulative GPA increases to 2.0 or above at the end of Semester I, 2018/2019, the student can apply for GATE funding for Semester II, 2018/2019 and must submit a copy of the academic transcript to GATE e-Service for approval.
5. Effective academic year 2017/2018 and beyond, a means test will be used to determine access to the GATE. The undermentioned measures would be implemented with effect from the academic year 2017/2018 and beyond:
 - i. Where the household income falls below \$10,000 per month students are eligible for 100% funding.
 - ii. Where the household income falls above \$10,000 but less than \$30,000 per month students are required to pay 25% of their tuition
 - iii. Where the household income falls above \$30,000 per month students are required to pay 50% of their tuition.
