## ACKNOWLEDGEMENTS

When we accepted the challenge to compile a Directory of Alumni for the Institute, we did so with the full realization that such an undertaking could not be achieved without the assistance and dedication of other persons.

Special acknowledgement must be given to the many individuals who have made a significant impact on the project in one way or another:

Mr Carl Parris, Director, who issued the challenge and who provided guidance and counsel in the planning, organization and execution of this project.

Mrs Norma Ferreira, Administrative Assistant, for the superb handling of all administrative details.

Ms. Wendy Jackman, for her assistance with the design of the questionnaires and the provision of other typing services.

Ms. Yola Alleyne, Librarian, who played a valuable role in the exercise by assisting with the location of graduates.

Staff Members of the Secretariat and the Institute who offered their unfailing commitment, cooperation and support for the exercise.

The Graduates, who responded to our call and provided us with valuable links to fellow graduates.

Ms. Aura Prescod, for the typesetting, layout and laser printing of the original document in preparation for publication.

## PREFACE

It is indeed fitting that the Institute of International Relations has chosen to honour its graduates with the compilation of this first Directory of Alumni.

The response of the graduates to this initiative has been extremely heartening and the idea of the Directory has been heralded as a timely and welcome development.

There has also been a clamour for the establishment of an Alumni Association from many of the graduates. Interestingly, the Institute has long recognized the need for such a graduate body since it is aware that considerable benefits can accrue to the organization by the development of a properly structured relationship with its graduates.

If we are to begin to forge these new connections, we must take special note of the comments made by the graduates on the issue. These comments include the following:

- the need for closer collaboration between the graduates and the Institute;
- the need for a reunion or "gathering of graduates;"
- the need to establish a regular channel of communication in the form of a newsletter enlisting contributions from the graduates themselves.

It is hoped that this Directory will serve as the catalyst for the oft mooted Alumni Association, assist in re-establishing ties among former colleagues and engender in each and every graduate a sense of pride in being among such a distinguished alumni.

## **ARRANGEMENT OF THE DOCUMENT**

The Directory of Alumni is arranged in three sections:-

- i **ALUMNI LISTING (by year of graduation)** is a listing of graduates by the year of graduation.
  
- ii **THE DIRECTORY OF ALUMNI** is an alphabetical listing of the alumni by the surnames of the graduates. Data include the graduate's name, nationality, academic awards(s) with year(s) of completion, current position and place of employment with available telephone /fax numbers.  
The symbol N/A is used to denote information on current employment which is unavailable.
  
- iii **NATIONALITY INDEX** is a listing of alumni under their specific territories.

### **APPENDICES**

Selected listings of graduates are incorporated in the Appendices.

All attempts were made to ensure the accuracy of data provided.
